The screenshot shows the TeamViewer Meeting application window. The title bar reads "TeamViewer" and includes standard window controls. The main interface has a blue header with "Connection", "Extras", "ITbrain", and "Help" menus. Below the header, there are two main tabs: "Remote Control" (with a double-headed arrow icon) and "Meeting" (with a group of people icon). A circular icon with a double-headed arrow is also visible in the top right corner of the header area.

The "Meeting" section is divided into two columns:

- Start Meeting:** Contains three options: "Presentation" (with a monitor icon), "Video Call" (with a video camera icon), and "Phone" (with a telephone handset icon).
- Join Meeting:** Contains a "Meeting ID" input field with the value "m" and a dropdown arrow, a "Your name" input field with the value "Max Mustermann", and a blue "Join meeting" button.

Below the "Start Meeting" section, there is a "Schedule Meeting" section with a calendar icon, a link to "My meetings", and a link to "Schedule a meeting".

At the bottom of the window, a status bar shows a green dot and the text "Ready to connect (secure connection)". On the right side of the status bar, there is a "Computers & Contacts" section with a "Sign In" button and a right-pointing arrow.
